- German word order, theme/rheme influence; discourse functions/theta roles correlation; N. Chomsky's barrier framework; 8900869
- Gothic name elements order, *vahu-manah-* vs *manah-vahu-*; M. Schwartz's thesis contested; 8903344
- Greek word order, New Testament/Epictetus short collocations; word order universal theory predictions compared; 8908125
- inflectional/word-order strategies use, subject/object syntactic role assignment; adult Serbo-Croatian readers; 8900021
- Italian mood system analysis, subject ellipsis conditions; systemic functional model framework; Halliday's experiential/interpersonal/textual functions differentiation applied; 8902889
- Korean verb phrase constituent; children's negative particle evidence; 8902082
- Kru/Mande/Ijo word order origin, auxiliary verb + complement, ex-braciation/nominal periphrasis; 8907716
- language learners' extrapolation strategies, micro-artificial language word order; J. A. Hawkins's implicational universals/N. Chomsky's government-binding theory head parameter relation; secondary-school children; 8906960
- linguistic role assignment, sentence interpretation; normal/aphasic Kannada-English bilinguals, Kannada (Dravidian) monolinguals; 8902704
- Mandarin object-verb constructions, C.-F. Sun's/T. Givón's claims refuted; quantitative counterevidence; 8900880
- Mandarin verb phrase word order, C.-T. Huang's/L. Travis's frameworks; 8907639
- Maya Dresden Codex, clause order; astronomical information; 8901216
- Media Lengua (Quechua-Spanish contact vernacular), linguistic theory implications; 8903205
- Middle vs Modern Dutch clause order, constituent pre-/postverb position; pragmatic factors/inflection role; 13th-/14th-century texts analyzed; 8903323
- Modern Standard Chinese basic word order, ontogenetic perspective, child language reflection; word frequency effects; 8906592
- negative particles placement, German/English/Scandinavian languages; 8902887
- noun order, verb-final sentences; animacy/inanimacy effect; children aged 3;0-5;3; English examples; 8900066
- Old English word order patterning, *Beowulf*/general poetry, 9th century; 8906216
- Old High German word order/discourse strategies use, *Muspilli* text study basis; 8908049
- Old Irish verb, relative forms; Pre-Old-Irish word order; 8901230
- Romanian inverse adversatives; syntactic/logico-semantic analysis; 8902910
- Russian interrogative constructions, communicative structure/word order/accusation; theme/rheme division, initial/final elements; 8902926
- sentence comprehension/interpretation, word order/case inflection influence; Serbo-Croatian-speaking preschoolers; 8904210
- sequencing phenomena explanation/prediction, cognitive economy principles use; English/Russian/German freezes, word frequency/order; 8906527
- Spanish-Portuguese word order compared; (\pm generic)/(\pm referential)/connectivity degree features; Caracas/Rio de Janeiro speakers aged 30-45; 8903400
- subject-operator inversion, English negative expressions; semantic aspects, descriptive/theoretically oriented basis; 8900909
- tensed clausal components word order, Germanic languages cross-linguistic difference; government/binding theory explanation; 8905284
- text homogeneity/trends/rhythms, word order importance; PROTAN, computer-assisted content analysis applied; 8905475
- universal grammar configurationality/parameter setting; Ojibwa (Algonquian) examples; 8903169
- valence levels distinction, sentence underlying structure order; Czech/French/English/German material; 8905330
- verbum finitum sentences, Modern West Frisian; verb position, subject-infinitive relationship expression; 8902919
- West Frisian imperativus pro infinitivo (IPI), standard Dutch differentiation; diachronic/synchronic data; 8905292
- word order phenomena; theoretical approaches; functional grammar/lexical functional grammar/word grammar/generalized phrase structure grammar; 8903231
- word order typology, object-subject-verb languages uniqueness; 8907619
- word order universal patterns; J. A. Hawkins's proposal corrected; 8903491
- word-order acquisition, algorithm model development possibilities; 8905619
- word-order typology, semantic categories/syntactic relations differentiation, object-subject-verb languages categorization; 8906055
- Yagua (Peba-Yaguan) clitic doubling/reflexives/word-order alternations, case/X'-theories natural explanations; 8907893
- Word Play (Games)**
- ambiguity/word play/verbal humor translation, specific problems; 8907475
- French as a foreign language instruction, newspaper use problems, word play/pun metaphor; *L'Equipe* (The Team) exemplified; 8906885
- French language game *Verlan*, sociolinguistic/theoretical linguistic relevance; popular/modern standard French; 8903743
- humorous material translation, meaning loss problems; 8907505
- humorous writing translation, specific difficulties; F. Dard's French detective novel; 8907479
- language games, *Gödel, Escher, Bach, an Eternal Golden Braid*; French translation problems; 8902722
- Mongol Uriankhai riddles, structure/meaning; 8901220
- Suriname Bush Negro creoles oral genres, text analysis; 8905480
- word play translation problems, poetry as a game poems; 8907478
- word play, terminology/phenomenology, semantic interference, formal operations; F. de Quevedo's poems; 8905317
- Word Recognition and Discrimination**
- Approximating & Eliminating Search Algorithm (AESA) application, multi-speaker data; fast speaker-independent DTW isolated words recognition; 8903949
- auditorily presented word lists, processing level, monotony effects; encoding level performance differences; native French speakers; 8906664
- auditory comprehension impairments, fluent aphasic patients; cognitive neuropsychological model; 8906414
- automatic spoken word recognition, new approach; robust classification/segmentation/lexical access techniques developed; 8903943
- back-propagation networks, automatic discrimination, minimally distinct spoken word pairs; various parameter choices effects; hidden Markov modeling technique compared; 8908620
- basal reading vocabulary lessons misconceptions; 8904820
- beginning readers' word recognition skills, verbal fluency training effectiveness; 2nd graders; 8907199
- bilingual children's visual word recognition; phonological processes role; K. de Bot's study critically reviewed; reply; 8900107
- bilingual speech, "guest words" recognition; F. Grossjean's gating paradigm; French-English bilingual listeners; 8905028
- children's first words identification; perceptually based model/autosegmental theory supported; 2-/3-year-olds; 8902091
- children's lexical acquisition; context learning recommended; 8902117
- children's phrase identification, morpheme functions; English vs non-sense content words/functors; children, mean age 2;2/2;3; 8902099
- children's spelling knowledge acquisition; phonologically related skills deficit; phonemic segmentation test; good/average/poor second/third/fifth graders; 8900075
- children's word recall, encoding levels/organizational processes effects/relationship, developmental aspects delineated; 2nd/4th/6th graders; 8906580
- children's word-finding skills assessment, diagnostic model; essential components; 8908854
- children's word/concept development; facilitative contexts; 8900051
- Chinese lexical items, grammatical categorization acquisition; 8906591
- component reading/language skills, specific deficits, genetic/environmental influences; phonological vs orthographic coding, reading disabled vs nondisabled children; 8908814
- comprehension deficits/word recognition ability relationship; G. J. Hitch's/M. S. Halliday's paradigm; skilled/less-skilled children aged 7-8; 8902575
- computer-aided text analysis; word's lexical status determination; lexicon development/search procedures; 8901383
- computer-assisted spelling instruction, imitation-modeling feedback effects; learning-disabled children; 8902204
- continuous speech recognition schemes, one-pass/level-building algorithms unified model; 8908589
- decision support systems voice input, multiple discriminant analysis use for word recognition; dynamic time models compared, accuracy/storage/computational requirements; 8903466
- developmental dyslexics, word retrieval deficits/reading style; Boston Naming Test; children aged 10/11; 8901964
- developmental reading disorders subtypes detection, dysphonetic vs other dysfunctions; E. Boder's classification scheme basis; 8908793
- dichoptically masked words, unconscious processing; semantic content influence; 8902031
- disabled readers' word recognition prediction, Teacher-Pronounced/Maze-Sentences/Word-Card Tests effectiveness; 2nd graders;

- 8902415
 DSPELL, RRL Laboratory of Elsas's large vocabulary isolated word recognition system described; 8903942
 dysarthric speech, diagnostic evaluation, segmental contrastivity assessment; single-word identification; dysarthric patients; 8904029
 early reading development, word-recognition stages proposed; longitudinal study; Scandinavian children; 8902563
 early word identification; stress/position/intonation role; 8902090
 early word reading; visual/phonetic cue processing; kindergartners; 8900583
 elementary school children's vocabularies, quantitative/qualitative investigation; group test, individual interviews; 2nd-6th graders; 8906584
 English unfamiliar words identification ability, context clues/grammatical classes effect, undergraduate international students; 8907007
 episodic recognition/lexical decision tasks, dissociative word-frequency \times levels-of-processing interaction; current views compared; 8902028
 explicit/implicit memory, divided attention effect; meaningful/meaningless word recognition task; 8906525
 eye movement control/fixation, reading activities; refixation frequency/successful word identification relation; 8907278
 foreign-language word perception development; native-/foreign-language mechanisms; target-language exposure factor; German learners of Russian; 8900247
 generalized sight word reading enhancement, moderately retarded students; single/multiple print exemplar strategies; 8904052
 Hispanic English as a second language students' word recognition/identification skills development, three treatment conditions efficacy determination; 8906966
 incidental vs intentional word learning from context, 11th graders; 8907136
 individualized remedial reading/word fluency improvement program; perceptual conditioning approach; reading deficient elementary school children; 8902516
 informal reading inventories, standardization; word recognition criteria; first-fifth graders; Analytical Reading Inventory, Diagnostic Reading Scales; 8900630
 isolated words identification, remedial readers' cues; 8902556
 Japanese as a foreign language instruction, word processing, program use; *kanji* learning; U students; 8900279
 language competence, word recognition strategy differences; native vs nonnative English listeners; pedagogical suggestions; 8902346
 language learning, lexical items function/analysis approach; French material; 8906953
 learning-disabled children's pseudoword repetition ability, other phonological processing measures relation; reading/spelling acquisition, difficulties significance; 8908822
 lexical ambiguities processing, Wernicke's/Broca's aphasics; selective access model supported; W. Milberg's/S. E. Blumstein's/B. Dwozetzky's study; reply; 8903985
 lexical decision task, phonological priming role; graphemically similar/dissimilar primes; rhyming; 8900118
 lexical decision task, visual word recognition; phonological codes' nature/control, homophones; 8902153
 lexical decisions, abstract/concrete words; context availability model; 8900109
 lexical search model, sequential/parallel versions; eye fixation duration measurement; 8907264
 lexicalized/novel nominal compounds processing, frequency effects; 8902045
 nearest neighbor rules' various applications, pattern recognition problems; clustering results compared; 8903950
 new-word lexical incorporation, lexical hierarchies evidence; novel/familiar words possible semantic relations; 2-year-olds; 8904228
 novel words, oral story contexts, fast mapping ability; specificity-proximity interaction, phonological production vs word meaning comprehension; adults, 1st-/3rd-/5th-grade children; 8902084
 oral reading corrective feedback effects, remedial/average readers' word recognition/comprehension; 8907146
 oral reading, repeated readings using audiotaped materials influence; poor readers aged 9-13; 8902428
 paired reading program, experimental method/test results/children's opinions/attitudes; children aged 10/parents; 8902409
 pediatric auditory Stroop test development/administration; reaction times, male vs female voices; children aged 3:0-6:8; 8900116
 phoneme sequence perception, dyspraxic vs normal children aged 6:0-11:0; 8902077
 phonological awareness, reading-disabled adults; continuous word-recognition task; B. Byrne's/J. Ledez's study extended; 8904043
 phonological perception, early words; visual preference procedure; children aged 1:3-1:8; 8902125
 picture vs word recall; retrieval cues effect, implicit/explicit retrieval conditions; word-fragment/-stem completion tasks, semantically related extralist cues; 8902046
 Pig Latin acquisition, ordinary language development aspects clarification; case study; 8906578
 prefixed/suffixed derived words, representation/processing; morphological structure role; French-speaking undergraduates; 8902026
 print concepts/word reading development, theoretical models tested; children aged 3-7; 8907061
 reading ability improvement, phonetic spelling instruction effects; kindergartners; 8907055
 reading achievement, words/pseudowords automatic recognition relationship; picture-word interference tasks; 4th-grade readers; 8902554
 reading achievement-metalinguistic ability relationship; test battery; first graders; 8900415
 reading acquisition; conceptual reasoning/oral language/reading relationship; cognitive developmental view; fourth-year children; 8902587
 reading comprehension/word accuracy, learning-disabled 3rd graders; corrective feedback effects; oral reading error analysis; 8901965
 reading instruction, compound words/phrases use; challenging activities/lessons; 8904811
 reading instruction, sign language facilitation, trainable mentally handicapped hearing students aged 15-19; 8908834
 reading instruction, word identification skills; fundamentals; 8900437
 reading processes, automatic/conscious context effects, word recognition facilitation; average/advanced 4th-/6th-grade readers; 8904914
 reading proficiency, field dependence/independence/sex relationship; Metropolitan Achievement subtests; 2nd graders; 8902450
 reading remediation; word recognition, eye training; 8900509
 reading topic familiarity/prior knowledge estimation, word association technique; 8904848
 reading vocabulary, computer-managed test measurement qualities, knowledge characterization reliability/validity; 4th/7th/10th graders; 8907303
 reading words; context vs isolation conditions; K. S. Goodman's study reexamined; 8-year-olds; 8900602
 reading/spelling shared procedures, orally spelled words recognition; case study; acquired dyslexia/dysgraphia subject; 8907268
 reading/writing acquisition, difficulties; 8904124
 reading/writing characteristics, low-achieving minority students; word recognition/comprehension relationship; black/Hispanic 5th/6th/7th graders; 8902484
 recallable words recognition failure, free vs cued recall effects; students aged 17-21; 8902167
 recognition failure, recallable words; test expectancies/test sequence order effects; undergraduates; 8900101
 remedial reading, decoding strategy instruction effects; sight words' meaningful parts instruction alternative approach; 3rd/4th/5th graders; 8902404
 remedial reading/synthetic speech feedback, long-term computerized program implementation; hardware choices, software development; reading-disabled 3rd-6th graders; 8904845
 repeated readings; reading rate/speech pause/word recognition accuracy implications; 8900591
 retention success/failure, reading achievement effects; longitudinal study; 1st graders; 8901960
 second-language acquisition; word-meaning inference from context, traditional direct learning methods supplement; Chinese advanced English as a second language graduate students; 8902347
 second-language learners' vocabulary knowledge measurement; Vocabulary Levels Test development, alternative checklist approach proposed; 8904636
 second-language reading instruction/testing, reading process psychological conceptions; prediction vs word recognition process; 8904896
 semantic priming, lexical decision task; forward vs backward priming, legal vs illegal nonword foils; spreading-activation/expectancy-set theories challenged; 8906558
 semantic priming; event-related potentials, automatic vs attentive processing; undergraduates; 8900026
 semantic/episodic information encoding/retrieval; memory performance; J. R. Anderson's ACT* vs W. Klimesch's connectivity model; 8900099
 Serbo-Croatian bi-alphabetical word perception, alphabet priming; connectionist model framework; 8903649
 Serbo-Croatian bi-alphabetical word perception, context effects; lexical decision/rapid naming experiments reported; 8902037
 Serbo-Croatian bi-alphabetical word perception, Roman/Cyrillic script, context effects; phonologically ambiguous written strings processing; high school students; 8904250

- Serbo-Croatian bi-alphabetical word perception, Roman/Cyrillic script; phonologically ambiguous vs controlled unambiguous words; general Serbo-Croatian word-processing mechanism outlined; 8904251
- speaker-adaptive templates synthesis, isolated word recognition system; new method proposed, time-warping algorithm basis; 8901987
- speaker-independent word recognition system, phoneme-oriented mapping; auditory-perceptual theory; 8901363
- speech perception ability measurement, monosyllabic words vs continuous discourse, analytic vs global ability; hearing-impaired Swedish subjects; 8908698
- speech perception, printed word presentation influence; 8902171
- spelling, computer-assisted word categorizing instructional model; inner-city lower primary level students; 8904231
- spelling/word recognition processes, phonological/lexical information role; 1st/3rd grade; 8902155
- spoken word identification; lexical decision tasks; 8902173
- spoken word recognition, phonological priming role, lexical decision/shadowing tasks; 8906667
- spoken word recognition, processes; 8904116
- spoken word recognition, speaker gender effects; initial cohort model; nonlinguistic information impact; 8900112
- televised blending lessons effects, adult beginning readers' word/recognition/pseudoword reading/auditory blending skills; visual movement/still frame/control treatment groups; 8907133
- visual word recognition, competing word units' role, neighborhood frequency effects; lexical decision latencies/gaze duration investigated; 8902154
- visual word recognition, computational theory; conventional machine reading algorithms contrasted; 8908132
- visual word recognition, oblique word forms; base form special status; 8900955
- visual word recognition, orthographic/phonological influences; modified Stroop task; 8904256
- visual word recognition/naming, neighborhood frequency effects; lexical decision/word-naming tasks; native Dutch speakers; 8904244
- vocabulary learning/meaning derivation, context/multiple exposures effects; 6th graders; 8907295
- vocabulary acquisition, programmed instructional materials effects, post-secondary students; 8906726
- vocabulary development, *WORDS!* research-based study program; enriched oral environment role; 8904756
- vocabulary development/reading performance relationship research reviewed; usable principles outlined; 8902412
- word acquisition, multihandicapped mentally retarded adolescents; color-reversed stimulus materials effects; 8904050
- word attributes, lateralization; dual coding, discrete vs continuous processing implications; word memory tasks; right-handed subjects; 8902024
- word boundaries, young children's metalinguistic awareness/various strategies; 8906571
- word fluency, Alzheimer-type early dementia patients; early dementia detection implications; 8903987
- word identification skills development, hearing-impaired beginning readers, graphic sign representation effectiveness; prelingually deaf students aged 6:0-8:11; 8908681
- word identification, essential/nonessential skills identification/description; basal reading management systems tests; capable 2nd-grade readers; 8902503
- word identification; sentence context, perceptual analysis interaction; scrambled/normal sentences; 8900102
- word interpretation, spatial descriptions; 8906555
- word learning strategies; category hierarchy evidence; 2-year-olds; 8902137
- word learning, category generalization; processing mode differences; preschoolers/2nd graders/undergraduates; 8902142
- word learning; context information use; novel term task; 3-/4-year-olds; 8900030
- word meaning access, E. K. Warrington's claim reexamined, neurologically impaired patients; alternative explanations; 8906556
- word meaning derivation, morphological/contextual information generalizations use; 4th/6th/8th graders; 8906616
- word perception, word frequency/orthographic depth interaction influence; printed/spoken verbal stimuli equivalency judgment tasks; native English/Serbo-Croatian speakers; 8902030
- word processing development, Japanese; Roman characters/*hiragana* conversion; 8901573
- word reading/spelling/identification, context vs letter-sound cues use; visual picture importance, information-processing; 8907256
- word recognition ability improvement, spelling instruction effects, basal reading supplementation, 1st/3rd graders; 8907103
- word recognition ability/orthographic structure knowledge/use relationship; 1st-/2nd-grade beginning readers; 8904895
- word recognition automaticity, repeated reading/context-free instruction effect; moderately delayed reading children; 8900476
- word recognition facilitation/inhibition, different neutral contexts effects; native Finnish readers; 8904920
- word recognition improvement, analogy strategies use; competent vs learning-disabled 2nd/5th graders; 8902525
- word recognition modes, right/left hemispheres; word length effects; 8900125
- word recognition reaction time, sentence meaning interpretative/syntactic representations development, language-impaired vs normal children; 8908758
- word recognition skills development, E. W. Dolch's "A Basic Sight Vocabulary of 220 Words" current relevance; 8904783
- word recognition skills/reading comprehension/spelling skills relation; primary schools, Netherlands; 8904900
- word recognition, contextual/graphic information use, 2nd/4th/6th graders compared; 8907293
- word recognition, humans/machines; speech perception units; experimental data; 8900110
- word recognition, knowledge-based speech-understanding system creation; NEBULA conceptual framework developed; 8903899
- word recognition, mixed letter case/masking effects; pronunciation format; U students; 8900095
- word recognition, motivation/affective word content effects; E. D. Ferguson's findings replicated; 8906627
- word recognition, orthographic context effect; naming latency/lexical decision/letter recognition tests; adult letter-by-letter reader; 8904878
- word recognition, visual vs phonological processing; phonics vs whole-word instruction; 1st-grade poor vs good readers; 8908799
- word recognition/decoding skills improvement, microcomputer programs' effectiveness; 4th-grade class; 8907174
- word recognition/discrimination skills acquisition, difficulties; explanations, remediation strategies outlined; 8902508
- word recognition/perception, visual/auditory processing interaction/orthographic depth; native-English-/Serbo-Croatian speakers; 8906628
- word recognition/spelling achievement, multisensory treatments effectiveness, low-achieving deaf students; 8908670
- word recognition/written expression ability, syntactic language categorization utilization, language experience approach reading instruction, primary learning-disabled students; 8908809
- word recognition; basal series effects; first graders; 8900560
- word recognition; contextual richness effect; pointed vs unpointed Hebrew; Israeli adults, children; 8900091
- word search mental processes, conscious retrieval effort vs random nueral process hypotheses evaluated; 8904243
- word unitization, familiarity effects, simultaneous vs sequential matching tasks; 8906644
- word-likeness task performance, normal vs reading-disabled children; variance analysis, Thurstone's Comparative Judgment Model; 8902588
- word-meaning/vocabulary instruction, experience-based approaches; 8904716
- word-naming time/memory span/story recall, good vs poor 5th-grade readers; 8904881
- word-object relations, infants' initial mapping; 8902070
- word-superiority paradigm, specific word transfer processing measure; Reicher-Wheeler/letter-identification tasks, context effects explanations; 8902032
- word/nonword decisions; sentence context effect; deaf college students; 8900585
- word/pseudohomophone reading; sentence context effects; good vs poor readers aged 9-10; 8900442
- word/sign recognition automaticity, deaf adults/children; Stroop task; 8901903
- words/unfamiliar faces reaction times, repetition effect; lexical/structural decision tasks; 8902149
- ### Writing
- analytic/summary writing, monitoring processes/strategies; high-/average-ability 11th graders; 8907334
- audience construction, context interpretation/accommodation/construction, advanced technical report writing students; tape-recorded writing conferences; 8907327
- basic writing skills, assessment instrument development; children aged 5-9; 8904992
- bilingual writing workshop, bilingual teacher's creation, interactive classroom development; ethnographic documentation; Boston, Massachusetts elementary classroom, Spanish-speaking students;

LLBA presents

your guide to searching Linguistics & Language Behavior Abstracts using a personal computer

Our recently published 20-page booklet will show you how to turn your personal computer into an effective research tool. You can have access to more than 80,000 citations and abstracts from the worldwide literature of linguistics as fast as you can type "sociolinguistics" (or, if you prefer, "discourse analysis").

The Guide contains:

- Hints on search strategies
- A review of Boolean logic
- Sample searches conducted on user-friendly systems
- A glossary of terms, and more...

To receive your free copy, simply return the coupon below. And, if you wish to attend an **LLBA** online user workshop, please be sure to mark the appropriate box.
